DAY TODAY

BY PETER VIDAL

- ARIES (Mar 21 - Apr 20)**
You're known as a good social person, which is precisely why today's planetary patterns suit you down to the ground. Live people hold the key to your relationships, and you should take any and every opportunity to broaden your social circle.
- TAURUS (Apr 21 - May 21)**
Professional concerns must be of paramount importance for all of you who are currently pursuing a vital working objective. Whatever your ambitions, you should see yourself as moving forward as part of a large family rather than as a solitary individual. You're not alone.
- GEMINI (May 22 - June 21)**
Long-distance and travel interests require attention although, from today's picture, it doesn't seem that anything is going wrong. Perhaps you will do your good to check, though. Also, give a little more space to any mystical or religious beliefs and aspirations.
- CANCER (June 22 - July 23)**
Wrap up all agreements and arrangements over the coming days, although there's no real sense of urgency, even as far as money is concerned. Indeed, if someone has been pressing you to make a financial decision, you might be well advised to put the brakes on. Pause for thought.
- LEO (July 24 - Aug 23)**
Partnerships hold the key to your happiness today, although it does seem very likely that you are feeling resentful or even bitter. You must choose whether to face up to people who have given you a hard time, or mix only with amiable and easy-going types.
- Virgo (Aug 24 - Sep 23)**
This certainly seems to be a time to keep busy but, quite aside from the inevitable thought into your physical well-being, the Moon's recent relationship with Pluto suggests that this is a good moment to deal with long-standing complaints.
- LIBRA (Sep 24 - Oct 23)**
The overall planetary picture is still pressured, but it just so happens that what may be difficult for other people seems to be relatively easy for you. Perhaps you will gain from someone else's back luck. If so, please see to it that they share in your good fortune.
- SCORPIO (Oct 24 - Nov 23)**
Having put long-distance or term arrangements to one side, you should be satisfied yourself that all overseas contacts are up and running, you should then check out any outstanding legal questions and consider all the ethical issues. You need to occupy the moral high ground.
- SAGITTARIUS (Nov 24 - Dec 22)**
Tie up any loose ends in the financial area over the next few days—today if possible. You should realize that if you ignore any outstanding business, you could be in danger of tipping a vast amount of money down one of those mysterious black holes that appear.
- CAPRICORN (Dec 23 - Jan 20)**
It's a pleasant day for distractions like shopping, or even using your main old-fashioned window-shopping. However, on the personal note, it is quite important to make sure that everyone is absolutely clear about you.
- AQUARIUS (Jan 21 - Feb 19)**
The tide of fortune flows your way today. My one concern is that you could be a little over-emotional, but then this might be no bad thing if you have been refusing to face up to certain awkward feelings. You will get nowhere by denying your desires.
- PISCES (Feb 20 - Mar 20)**
Your mind should be at its very creative and imaginative best for another three days so, if other people have any sense, it is you to whom they should turn if they want to ask the pertinent questions and receive original answers. A romantic affair, though, could be hard work.
